reserve of land which had been set apart for them in Taimaro
Bay, in the Mongonui district of the Province of Auckland,
made application to the Native Land Court for an investigation of
their claim thereto, with a view to obtaining a certificate of title
therefor: And whereas the said claim was accordingly heard and a
certificate of title for such claim was issued to the Natives aforesaid
by the Native Land Court, but it was discovered subsequent to the
issue of the said certificate that in such certificate of title so issued
to the aforesaid Natives there was included a very large section of
country over and above the claim of the Natives, and which excess
had previously to the hearing of the claim been acquired by the
Crown:

And whereas at a meeting between the Natives above mentioned
and William Bertram White, an Agent of the Crown, in the Mon-
gonui district aforesaid, convened for the purpose of making some
arrangement to rectify the error that had been made in the certificate
of title, it was agreed by and between the parties, that in considera-
tion of a grant from the Crown to the Natives aforesaid of ninety-
nine acres at Taimaro Bay, and of a further grant to the said Natives
of six hundred and forty-nine acres at Waimahana Bay, adjacent to the
aforesaid Taimaro Bay, the said Natives would deliver up the aforesaid
certificate of title for cancellation: And whereas in pursuance of the
aforesaid agreement, the said Natives have accordingly surrendered the
said certificate, and the same has been cancelled by a Judge of the Native
Land Court: And whereas it is just and equitable that the promise

Tena koe e Te Heamana,

Following on from the very positive meeting we had last Friday, I attach for your records an amended version of the proposal that was tabled and briefly discussed. The Amendment reflects the point made by Richard Hawke during our discussions.

We understand that this will be considered at your next Board meeting on the 22nd of November and that a board delegation and the working group delegation will again meet to discuss the Boards response and any further feedback.

We would like to propose this follow up meeting take place on the 8th of December. Please advise if this date suits you and a suitable time for your delegation and I will go ahead and organise a venue. If this date is not suitable please suggest some alternative dates for meeting. Please also note that there are a few members of the working group that will be unavailable before the 8th of December.

Nga mihi,

NGATI AUKIWA PROPOSED RESOLUTION OF ISSUES

ISSUE	PROPOSED RESOLUTION	MUTUAL ADVANTAGE
<i>Transfer of Thompson and Clark Blocks</i>	That NKKWTB be paid the dollar value of the blocks in lieu of the land and Ngati Aukiwa entity be transferred the whenua together with Stony Creek block. The value to be paid to include the value of Stony Creek block as well.	Both entities gain in that the mana whenua obtain direct control and ownership of the land and the other marae and hapu under NKKW settlement get the equivalent cash value
		Avoids any further or future conflict between occupiers of block and TB
<i>Stony Creek Block</i>		
The 30 year restrictive covenant over a significant portion of the block	That Ngati Aukiwa working party take responsibility for any adjustments to this proposed covenant	Block is being transferred to a separate Aukiwa entity so makes sense for the working party to review this prior arrangement
Pukeangina/Kiwitahi Urupa the Temahani Urupa and the Opakau Urupa which are all located inside the Stony Creek whenua and are currently proposed to be vested in fee simple in the Trust Board entity	That Ngati Aukiwa entity has vested in fee simple these urupa	NKKW entity does not have to concern itself with maintenance, access, fencing etc as it seems sensible the hau kainga residing on the block and the entity responsible for all surrounding whenua take on/continue this responsibility/kaitiakitanga
The Taemaro to Tokomata areas to be vested in fee simple as part of the Stony Creek blocks but subject to a conservation covenant	That Ngati Aukiwa working party take responsibility for any adjustments to this proposed covenant	Block is being transferred to a separate Aukiwa entity so makes sense for the working party to review this prior arrangement
The payment in lieu of the Crowns obligations to maintain the Stony Creek assets and stock. Divides Ownership and	That Ngati Aukiwa entity is paid this payment given that will be the entity ultimately responsible	Responsibility for maintenance and the land ownership will sit with the same entity instead of

maintenance responsibility between two separate entities		being divided
Generally the transfer in fee simple of whenua	That Ngati Aukiwa working party take responsibility for any adjustments to this proposal as strong desire to explore other options for including transfer of a hapu title, not unlike the Te Potatau Te Wherowhero title used in the Waikato settlement	Create an inalienable title in the whenua for all future generations and restore mana and rangatiratanga as regards pakeha legal impositions
Maunga tapu of Ngati Aukiwa which is located on the Thompson and Clarke Blocks	Acknowledgement and protection	Acknowledgement and protection

There are some critical points that need to be set out to explain the context of some of these proposals including:

- The tangata whenua/'occupiers' have been in occupation of both the Stony Creek and the Thompson and Clark blocks and the transfer of one block to a separate entity does not resolve the issues in relation to the other blocks still being occupied;
- Many Ngati Aukiwa whanau have expended substantial sums of money on the maintenance of the blocks since and can show how much the removal of trees and re-fencing etc. has cost, so maintenance costs have been borne in that regard and should be accounted for in the arrangements made;
